

That's Me

- Edward Hervey
- Founding partner of Collabora Multimedia
- GStreamer and PiTiVi
- FOSS user since 1995, active hacker since 2003

PiTiVi : Activity

- Project aim:
 - LGPL video editor
 - No constraints in formats, UI, plugins...
 - Ease of use, speed, reliability before features
- Features:
 - GStreamer based, top-level app in Python
 - Modular and easily extensible

PiTiVi: Challenges

- Slow development until 2009
- Restraining from adding features before stability
- Python not the best language for everything
- Issues with GStreamer plugins
- Other platforms (win, mac, embedded, ..)

PiTiVi: Next Steps

- Effects branch merged, polishing
- Proxy support
- Move more upstream
 - GstDiscoverer
 - GStreamer Editing Services
- Other platforms
