

That's Me

- Jan Gerber
- ffmpeg2theora, Firefogg, Pad.ma, Pan.do/ra
- At FOMS to discuss state of Theora/WebM support in browsers and server side tool chain.

Activity

- Supporting WebM in various places:
 - Firefogg
 - Pan.do/ra

Challenges

- Not all tools support WebM
- Without changes from Apple not possible to get good WebM support into Safari

Next Steps

- Support WebM in Firefogg render module
- Find replacement for oggz-chop
(extract segments from WebM files)
