

That's Me

- Ralph Giles
- Xiph.org (Ogg Theora)
- Meet with you guys, talk about what's going on

Xiph.Org: Activity

- Project aim:
 - Produce free and open media technology
 - Building the tools for digital audio and video from the ground up
- Features:
 - Open process
 - Ogg Vorbis, Theora

Xiph.org: Challenges

- Integration with tools, especially proprietary
- Standardize text and metadata tracks
- Education about format freedom
- Improving authoring tools

Xiph.org: Next Steps

- Continue to improve our codec implementations
- For me, patches for Blender and Firefox
- I'd like to have discussions about:
 - Project schedules
 - How we can support our downstream
 - What should our subtitle formats be?
- ...
