

# That's Me

- Sanjay Bhangar
- Pad.ma ( <http://pad.ma> )
  - developed offline transcription firefox plugin, SpeedTrans
- What I want from FOMS:
  - Understanding text annotation formats
  - Solutions for low bandwidth environs

# Pad.ma: Activity

- Project aim:
  - Open footage archive
  - Layered time-based text-annotations
  - Work well in low bandwidth environs
- Features:
  - Partial download, seek to times
  - User added annotations
  - Offline annotation / transcription client.

# Pad.ma: Challenges

- A small set of dedicated users
- Export to offline formats
- Internet explorer

# Pad.ma: Next Steps

- Pan.do/ra
- Make the text annotation process sane.
- Support time-based text annotation standards for import and export.
